

SWEET ASHMEADS

STYLE : Single varietal, single orchard.

AROMA & FLAVOR : A nose of white wine and nectar, melon, sweet tangerine and pear. A quick acidity carries the honey-like ripeness to a lingering but gentle finish.

APPLE VARIETIES: Ashmead's Kernal grown by Tieton Cider in Tieton, WA

CIDERMAKER NOTES: This estate-based bottle features apples grown at local orchards we love. The apples in this release come from a single orchard in Tieton, WA. Fermented in multiple batches with complimentary yeast strains; the cider shows many dimensions of a single idea. Aged, blended, and balanced to show the apple and sweet delight in one glass.

SERVING SUGGESTIONS: A delightful food cider, though shines with stronger cheeses (Roquefort, camembert, baked brie if you must) and lush charcuterie. The sweetness will balance Thai food and onion rings alike.
